Subject: Executive Order 2022-19 - Directing Additional Safeguards to Ensure Transparency Accountability - 07 Jul 2022

Ms.Crotwell,

Please see the attached Executive Order that was published today by the Office of the Governor. This will impact the upcoming distribution of the pass thru funds designated in the State 2022-2023 Budget.

In summary:

Directs state agencies to take the following steps:

- Prior to disbursing the funds, state agencies must receive a plan for how the state funds will be invested and how that plan will provide a public benefit.
- State agencies that receive earmarked appropriations must make all available information on each earmark available for public view on the agency's website – in real time.
- All appropriated funds must be delivered to the entity designated in the Appropriations Act, effectively ending the previous practice of legislators hand-delivering checks.
- State agencies must report back to the Governor and Executive Budget Office on

their compliance with the directives in the order.
